Parking Lot of Past

Old-style transportation is in majority in few North American towns these days. But in Arthur, Ill., yesterday 100 horses and buggies

outnumbered cars as town's Amish colony of 2,550 held weekly produce auction in big barn.—(AP Photofax)

Atoms for Peace

Russia Signs With Canada

OTTAWA (UPI)—Canada and the Soviet Union Friday signed a five-year agreement to co-operate in the "peaceful uses of atomic energy."

Master Back From Grave

YENIPAZAR, Turkey (UPI)—Farmer Mehmet Turkan was found frozen and apparently dead near here and was buried. His dog stayed by the grave and began barking when he heard his master's voice. Workers dug up the grave and Turkan, thawed out by the earth's warmth, climbed out. Officials gave him a new birth certificate.

Two Dead In Bongos Argument

ST. PAUL, Minn. (AP)—A 19-year-old youth with a history of mental and police trouble was charged with first-degree murder late Friday in the slaying of two St. Paul teenagers.

Charged was David Oehrlin of St. Paul. Police said he admitted responsibility for the slayings.

They also said that an autopsy showed Gary Brindamour, 14, and his 13-year-old sister, Bonnie Lou, were not killed by shotgun blasts as previously believed but were beaten to death Thursday night with a hammer.

Detective-Lieut. George Barkley told reporters Oehrlin confessed to killing the pair in an argument over a broken bongo drum.

The agreement, between Atomic Energy of Canada Ltd. and the state committee of the Soviet Union for the utilization of atomic energy, was reached after a delegation of five Soviet officials spent 10 days visiting atomic energy centres in Canada.

Last July three members of AECL were conducted on a similar tour in the Soviet Union.

Visits PERMITTED

Dr. I. D. Morozov, first deputy chairman of the state committee, and J. L. Gray, president of AECL, signed the agreement which permits the two committees to "organize visits" by small groups of specialists who will exchange unclassified scientific information and possibly instruments and equipment.

The specific dates, personnel

and duration of the visits will

be agreed upon annually by

representatives of the two groups

and confirmed through diplomatic channels.

The agreement specified that no group would

consist of more than five persons, and the exchanges would

last no longer than 12 days.

Everybody Wants a Tartan

Good City Scots Toast Immortal Memory

Everybody wants a tartan and ball at Holyrood House he said. "Some of those, of course, try to attain this end by absorption. This is a lot of fun but it can cause aches, too."

RCMP proposed the toast to the Immortal Memory of the Scottish poet Robert Burns.

"There are, of course, many that would like to be Scots,"

"E's not so much a husband as a conversation piece."

Continued from Page 1

Going Steady Cheats Teens

nice girl but a little on the heavy side. I've got a lot of pimples on my face so I figure that makes us even.

"Three weeks later I invited Vera to the junior-senior pow-wow. We had a great time. The next day at school Vera suggested we go steady. All this means is we are both sure of a date when something important comes up at school."

"We are not in love—in fact, I have never even kissed her. Our steady deal is good for me because it means I won't have to break the ice with some girl every time I want a date. We are going steady technically maybe, but not like most of the kids in school."

"I am writing this letter just to explain point of view some people don't seem to understand. Best wishes—SHY GUY."

Girls go steady for a variety of reasons also, but usually it's because:

Don't Want

They are in love with Mr. Wonderful and don't want to go with anyone else.

• They lack confidence and are afraid to compete for dates in the open market. Going steady, they claim, insures social security. It is the not-so-popular girl's vaccination against "stay-at-home-itis."

Another female type (and one of the worst) is the ego-feeding head-hunter.

The head-hunter must continually prove to herself, and the world, she is a femme fatale. She collects boys like some girls collect autographs.

Her bedroom is a museum of love relics—stuffed bears, pandas—all testimony to her claim that she is indeed a killer. She will tell you unashamedly she went steady with 17 fellows from April through June.

Standing Date

A going-steady variation to which I am strongly opposed is the "You belong to me and I belong to you" type. These couples see each other at school every hour of every day. They walk to and from classes together. They have lunch together. They have a standing date for every weekend, which means Friday and Saturday nights and Sunday.

A strict hand-off policy is observed by other fellows and girls. It is clearly understood that steadies go to all school functions together. It's total togetherness, advertised to all the world.

Why am I opposed to it when it all sounds so positively dreamy?

Dimensions

Going steady cheats you of the opportunity to learn about all kinds of people. It is an insulated sort of existence which can plant you in a rut—and the only difference between a rut and a grave is in the dimensions.

Dating years are precious. They are years during which you develop patterns and techniques for dealing with people. A free-wheeling dating arrangement will give you confidence and teach you social

skills. The challenge of adjusting to new situations will keep you alert. The ability to get along with all types of personalities—even the wacky ones—will be a valuable asset throughout your life.

Hone Wits

The person who wisely avoids the paralysis of going steady has an opportunity to hone his wits against the sharper wits he encounters. He learns to be patient with the crashing horses. He gains insights into the behavior of others.

And he discovers from experience (sometimes painful) there are degrees of integrity, loyalty and dependability. Only by dating a variety of people is it possible to make meaningful comparisons.

The mature, well-rounded adult is the sum and substance of everything he has ever read, every project in which he has participated and every individual whose life has touched him.

Second-Rate

Even the brother-sister, no-pulse type of going steady, as described by Shy Guy, is a second-rate idea. He describes their relationship as a convenience rather than a romance. Although this type of going steady sounds perfectly harmless, it is undesirable because it is anti-festive.

Shyness with girls reflects a fear of competition and a feeling of inadequacy. The bashful boy needs the experience of dating several girls. Only then will he acquire confidence.

Finally: the most dangerous by-product of going steady.

Unrealistic

It is unrealistic to assume healthy, red-blooded high school kids can be together day in and day out—and keep their physical urges under perfect control.

Some teens write to say they put up a heroic battle, but time and chemistry proved to be too formidable a combination. There is no denying that when the irresistible force meets the immovable object, something has got to give—and usually it's the "immovable" object.

NO MORE TITLES

The practice of recommending Canadians for titles conferred by the sovereign was eliminated after 1935.

HEARING IMPAIRED?

"SIEMENS"

Hoffa Jury Chosen After Five Days

CHATTANOOGA, Tenn. (AP) — A jury of eight men and four women finally was seated Friday over defense protests to hear the case of James R. Hoffa, Teamsters union president charged with jury tampering.

Another step forward

Here's how Confederation Life's increased dividends and expanded services will benefit you as a policyowner:

The past year was an exceptionally good one for Confederation Life policyholders. Dividends paid in 1963 increased by 16%. And this year, a further increase of 7% will be paid. Increased dividends mean higher cash benefits for our policyholders.

In addition, Confederation Life expanded into new insurance fields. Last November, new major medical and income replacement policies were introduced for individuals. These plans are among the finest obtainable in the field of health and accident insurance.

At right are other highlights from our 1963 operations. It was an outstanding year for benefit payments, of which almost 70% went to living policyholders. These payments reached a record high of over \$58 million—nearly \$5 million more than in 1962. We look forward to extending our services to an even greater number of Confederation Life policyholders in 1964.

Some highlights from our 1963 Annual Report

- \$396.7 millions of new Life Insurance
- \$3,379 millions of Life Insurance in force
- \$492.4 millions in Pensions in force (insurance basis)
- \$5.77 millions paid in Dividends
- \$53 millions paid in Other Benefits
- \$561 millions in Assets to guarantee future payments to policyholders and beneficiaries

May we send you a copy of our Annual Report? Just phone your nearest Confederation Life office or representative.

'All Looks Very Good' For Echo Launching

VANDENBERG AIR FORCE BASE, Calif. (UPI) — U.S. scientists say "all looks very good" for their third attempt to launch the giant Echo 2 inflatable balloon satellite today on the first joint U.S.-Russian space venture.

Scientists of the U.S. and Russia plan cooperative experiments with Echo 2.

WASHINGTON (AP) — The United States strongly advised Nationalist China Friday to avoid a quick break in relations with France when President de Gaulle's government recognizes the Chinese Communist regime next week.

The de Gaulle move, expected about Tuesday, threatens to trigger a crisis in Far Eastern diplomacy as well as intensify the strain which already exists in U.S.-French relations.

LAST MINUTE

State Secretary Dean Rusk took time from last-minute preparations for a trip to Japan to receive Nationalist China's ambassador, Dr. Tinglin F. Tsai-ang. The envoy asked to see Rusk for consultation on the impending French move. Immediately following the meeting, Rusk left for Tokyo and a one-day visit to South Korea.

De Gaulle has sent word to President Johnson that the deal he has made with Red China does not call for a break in French relations with Nationalist China. Thus, de Gaulle is understood to feel, may open the way for a two-China solution of the whole Chinese problem.

REFUSE TIES

Nationalist China and Red China each has refused to have full diplomatic ties with a country recognizing the rival China. If France achieves a dual-relation status it will be the first major power to do so.

Train Robbery

'He Lies' Shouts Accused

AYLESBURY, England (Reuters) — Shouts of "This man is lying, he is telling lies" started the court at the great train robbery trial here Friday.

Defendant William Boal shouted at a detective who testified Boal admitted some money found in a car came from the £2,600,000 (\$7,800,000) mail train robbery last summer. Boal pleaded not guilty.

Twenty men and women are being tried on charges arising out of the August crime.

GHANA VOTES

ACRA (CP) — Ghanaians Friday began voting in a country-wide referendum aimed at converting this African republic into a one-party socialist state.

The government has proposed that the ruling Convention People's Party become the official and only party in the Commonwealth country. They also want the president to be given powers to dismiss High Court judges.

SATURDAY, JANUARY 25, 1964

The New Bank

THE BRITISH COLUMBIA government's proposal to lend its support to the formation of a federally-chartered bank in the province is one of the best-kept secrets of the Bennett regime.

Until the Throne Speech was delivered there was no indication such a move might be afoot, although it was rumored in the east that the Dutch-American owned Mercantile Bank of Canada was thinking of changing its headquarters from Montreal to Vancouver.

This, however, has nothing to do with the proposed new bank in British Columbia which Premier Bennett says will be B.C. owned and controlled, although he emphasizes it will not be a government bank, but one operated by B.C. people along the lines of the other eight Canadian chartered banks.

The first public reaction to the government's proposal has been generally favorable. Many business people in the province feel that the national banks—all headquartered in the east—have not given sufficient autonomy to their western executives to make big decisions without consultation with Toronto or Montreal.

Those who express doubts about the B.C. entry into the chartered bank field are worried that a provincialization of the banking system might weaken further the federal system.

On the other hand, these people are willing to admit that B.C. would not be creating a precedent, even in modern times, for the two purely French Canadian banks, the Nationale and the Provinciale, do little business outside of Quebec despite their federal charters.

In addition, it is only a few days ago since a Winnipeg group, headed by Mr. James Coyne, former governor of the Bank of Canada, announced its intention of forming a Bank of Western Canada centred in Winnipeg.

If Manitoba, which like B.C. is vigorously pursuing an industrial and commercial development program, feels it needs local banking facilities, then Vancouver, now the busiest port on the American Pacific coast obviously has similar needs.

The new bank would presumably start by taking at least a portion of the B.C. government's business, which is now mainly spread between the Canadian Imperial Bank of Commerce, the Toronto-Dominion Bank and the Bank of Nova Scotia.

For the rest the new bank would have to prove itself to be able to supply the facilities and services comparable to those available from the "big five," and this would of course largely depend upon the calibre of executives the new bank might be able to acquire.

If it can meet these requirements, it could go a long way towards establishing Vancouver as one of the great financial centres of the North American continent, and that is undoubtedly the government's main objective.

It will also prove acceptable to those who have regretted the moves in recent years in which at least three major banks have lost their identity in mergers with larger rivals.

Carrying On

A PART FROM the new banking venture, enough of itself to reflect Mr. Bennett's love of surprises, the Throne Speech program is mainly of the mundane but still necessary character to which a government normally gears its aims. The promotion of provincial business is a continuing process, and unusual highlights are the exception rather than the rule.

In this respect the Speech simply carries on, as it were, with the expansion in various realms that a growing population, and therefore the demands made on governance, inevitably bring about.

Of special interest, however, since it involves new legislation is the measure to prohibit employment discrimination against older workers. Encroachment on the rights of employers could verge on state control of private business and much depends on how far this legislation will go, but in general the move is to be welcomed. In this age of automation and displacement many older workers are put at a distinct disadvantage and there is need for recognition of this and remedial steps to improve their situation in this respect.

On the other hand opportunity for younger generations, the bulwark of the future, cannot be curtailed in a manner to impede their prospects. A happy mean will be the obligation of this legislation.

People will be cheered by confirmation of the election promise of lower electricity rates, the criterion that justifies hydro operations under government control, and this was to be presumed. So also is the intention to remove the Deas Tunnel and Oak Street Bridge tolls on the mainland, an easement all provincial motorists will endorse.

Increased grants for education are automatic as more students seek entry in schools and higher institutions, but there is no hint this means any relief for municipalities presently forced to underwrite education beyond their financial resources, unless something along this line has yet to eventuate.

It is normal also that hospital and health progress should receive further and accelerated attention, but there is only vague implication that recent criticism of the social welfare department has borne any fruit.

For the rest the Speech promises increased highway, marketing, railway, and tourist development or encouragement, and the continuing enlargement of day-to-day operations of ordinary departmental activity. It looks forward to the burgeoning of the province in industrial, cultural and commercial activity.

This is the expected outlook of all governments but the Speech reflects a confidence in the future of B.C. that cannot be gainsaid. As with all such opening sessions pronouncements that count and interest will centre on these as the legislature deals with them during the next six weeks. MLAs at least have plenty before them as they come to grips with the government's program.

Fitting Use

THE PROPOSAL to locate the Victoria Symphony Society headquarters and an advanced school for musicians in the city-owned Duncan Building is one that invites favorable decision by council when a detailed submission is received.

This would be a use exactly of the type envisaged when Victoria acquired the building, and bodes well fitting the community in a musical sense would add further to the cultural aura intended to attach itself to the rehabilitated Bastion Square.

NEW EMBLEM?

Ottawa Tailspins Over Eskimo Doll

It took the Ospik—two government departments, the RCMP and the RCAF into a tailspin.

But for the Eskimos the Ospik is a picnic, and now, Canada has the Eskimos, the bears and the maple leaf. The furry Ospik looks well for the nation, ill for the world.

Queries Indicate Searching Look At B.C. Welfare

FONTAINE
... fourth weddingMANSFIELD
... fourth child

B.C.'s social welfare department is in for searching scrutiny at the present session of the legislature if questions filed in the house yesterday are any indication.

Of 74 questions listed in votes and proceedings for Monday, 14 are directed at

Welfare Minister Wesley Black by NDP welfare expert David Barrett of Dewdney.

Most of the questions relate to social workers' case loads and to the number of staff.

Welfare became one of the major potential issues of the session early this month after a Prince George social worker addressed an open letter to Premier Bennett charging massive work overloads, inefficiency and misguided extravagance.

Legislature Committee Curb Asked

A government backbencher quoted a new B.C. supreme court jurist Friday in support of a demand for laws to curb the powers of B.C. legislature committees.

Donald Brothers (SC-Roseland-Trail) said he had been shocked when the 1963 select committee investigating highway graft allegations found it had almost unlimited powers with regard to witnesses.

Mr. Brothers also said Vancouver police should be given more authority and the city might even call in the army if there are future disturbances at Grey Cup finals.

"This is drastic but Vancouver will have to do something," said Mr. Brothers while seconding the speech from the throne. "This can't be repeated in the future."

Premier Bennett got an invitation to attend the official opening of the Salmo-Creston cutoff next spring from Mr. Brothers who seconded a motion in reply to the Throne Speech.

The Roseland member also produced an advance copy of the spring issue of the recreation department publication "Beautiful British Columbia," which features pictures from and of the new highway east of Trail.

He said the magazine has dubbed the road "The Skyway."

"I think the name is so good I'll recommend it to the highway department as the official one," he said.

Names in the News

Handwriting on Wall Turns Into Numbers

Authority

Move Quickly On Columbia Fulton Urges

VANCOUVER (CP)—British Columbia must move quickly to establish a co-ordinating Columbia River Authority, Davie Fulton said Friday.

"You'll get chaos if there is no plan," the provincial Progressive Conservative leader said at a press conference here. As federal justice minister Mr. Fulton had negotiated the original Columbia treaty in 1961.

Mr. Fulton said Premier Bennett should act at the present session of the legislature to establish a Columbia authority with a legislative basis.

He said the Columbia protocol signed in Washington Wednesday must be matched by prompt provincial action if B.C. is to gain anything from the agreement.

"We get the price of the damn," Mr. Fulton said. "The United States gets all the power for 30 years."

He did not wish to refight old battles. The important thing was to make the most of the potential still left to B.C. outside the field of power.

Airways Suspended

OTTAWA (CP)—The Air Transport Board has suspended for one month the charter licence of North West Territories Airways for carrying traffic on routes assigned mostly to Pacific Western Airlines.

The order was made public Friday following a complaint by PWA.

The board found that North West carried traffic between points served by PWA on a basis of protection against competition.

Quebec Scandal

Writers Made Million In Texts, Probe Says

QUEBEC CITY (UPI)—A one-man royal commission charged Friday that authors, with a monopoly of French text school books, netted \$1,500,000 in "royalties" at the expense of Quebec taxpayers.

The commission report unleashed a major scandal by disclosing that 19 authors who wrote the various texts sat on the boards which approved them.

The commission, headed by Montreal University economics professor Maurice Bouchard, was set up last April to probe why several publishing houses in the province were nearly bankrupt.

One of the many cases cited in the report was that of

the man who received it.

The report, which recommended that the responsibility for text books be handed over to a ministry of education, said 19 authors who sat on boards had made a total of \$1,416,365 in royalties over the last 10 years.

The royal commission also hit publishing houses owned by religious communities.

It said these companies were selling books for the same price as private publishing firms, even though they didn't have to pay income tax.

Heart Too Small So Transplant Fails

JACKSON, Miss. (UPI)—Surgeons said Friday they had successfully carried out the first known human heart transplant in history, only to have the organ fail an hour later because it was too small for the man who received it.

The trail-blazing operation was performed at the University of Mississippi medical centre, where the first successful lung transplant was made last June.

Authorities refused to disclose where the heart was ob-

aged 55, 51 and 47 years, and his second wife, 38, became the parents of a six-pound boy.

OAKLAND, Calif.—Mrs. Mary Elizabeth Martin, 43, Oakland's 1963 mother of the year, and her daughter, Carolyn, 18, were strangled. A Boston policeman joined the investigation amid reports the Bo'son a stranger might be involved.

SPRINGFIELD, Ill.—William Herens, 35, convicted murderer of a girl and two women in 1946, lost his bid for parole.

SANTA MONICA—Actress Jayne Mansfield gave birth to an eight-pound nine-ounce girl named Mariska Magdalena for the mother of husband Mickey Hargitay. They have three other children.

NEW YORK—Actress Joanne Fontaine and Alfred Wright, an editor of Sports Illustrated magazine, will marry Monday. Her fourth marriage, his second.

NEW YORK—Elizabeth Taylor's lawyers confirmed Eddie Fisher is demanding \$1,000,000 as the price of a divorce but said she won't pay him a thin dime. A "summit meeting" fell through when Fisher flew to Vienna for the Olympics.

TORONTO—Maurice Guibault, 27, learned sticking your neck out can be dangerous. Jailed for drunkenness, he tried to squeeze out under the cell door. Firemen took 65 minutes and a hacksaw to free him; Guibault sustained neck bruising.

TORONTO—Speaker Donald Morrow ruled NDP leader Donald Macdonald was out of order when he read in the Ontario legislature what he said was a statement of claim accusing a Conservative official of accepting \$12,000 from Meichers Distilleries to curry Tory favor. It should have been read in court first.

OPELKA, Ala.—William Broughton, who has children

from two previous marriages, has won and re-won his French bride, Françoise Dior Jordan, 31, who said two weeks ago the marriage was finished.

LONDON—Colin Jordan, leader of Britain's Nazi party, has won and re-won his French bride, Françoise Dior Jordan, 31, who said two weeks ago the marriage was finished.

NEW YORK—The Poetry Society of America has received a \$1,000,000 trust fund bequest from Compton Alcott de Castagnes of New York, who died last September. Income will be used for scholarships, grants, publishing and book buying.

NEW YORK—Quenelle nursing aide Diana McEwan, 21, was given two years' probation for a razorblade attack on her rival for the affections of a man. She must pay \$200 to Mrs. Edith White and quit alcohol for two years.

PALMA, Spain—Pedro Perello, 30, and Antonia Garrigues, 20, divorced twice before, married for the third time.

KHARTOUM, Sudan—Former army major Abbas Gamal Eldin, accused of spying for Israel, was jailed for nine years.

Court Parade

Term
Cut
Down

John Morwood Caird yesterday asked for and was given a two-year penitentiary term instead of a 10-month prison sentence originally imposed because he was "getting too old to compete in the jungle of drug addicts."

Caird, who has a criminal record for theft and narcotics offences dating back 30 years, had pleaded guilty to possession of stolen goods.

His penitentiary term, although 14 months longer than Magistrate William Oster's first sentence, will run concurrently with an 18-month sentence he received earlier this week in assize court for possession of narcotics.

The 10-month term would have started at the expiry of the higher court term and would have resulted in a total of 26 months in confinement. His new sentence reduces his sentence by four months.

He was charged yesterday with stealing a fur stole from a department store Nov. 29.

"I am beginning to realize the futility of the life I have been leading," Caird said yesterday. "It's easy to talk of reform when you're under lock and key, but this time I am really going to try."

A man was allowed to keep his driving licence—for business use only—after he was fined \$400 for impaired driving.

Donald Bissell, 375 Obed, told Magistrate Oster he needed his car for his business.

Roger S. Aust, 2890 Lansdowne, was fined \$35 after pleading guilty to depositing rubbish in Uplands Park. Aust said the rubbish was left in the park by a man he had hired to dispose of it. He pleaded guilty.

Donald Champion, 182 Joseph, elected trial by magistrate yesterday when he appeared in city magistrate's court charged with possession of stolen property.

Champion was remanded to Jan. 31 for plea. He is free on bail.

Two Saanich youths, found "sloshed" in their car at 3 a.m. Jan. 6, were convicted yesterday on a joint charge of loitering by night.

Laszlo Zimmer, 832 Orono, and Edgar Hubbard, 944 Dunsmuir, had earlier told police they were "resting." The car was parked on private property. Two juveniles were also found "crouched low" when police were called to the scene, an officer testified.

The officer said he thought the youths to be attempting to avoid detection when he found them in the car.

They were convicted by Magistrate Oster, who will sentence them today.

Thomas Drysdale, 150 Croft, was sentenced to a \$300 fine or 21 days in jail when convicted of being in control of a car while impaired.

Court was told he was found slumped over the steering wheel of his car in the 800 block Pandora, after being present at Work Point Barbecue mess Dec. 22.

Universe
Big Bowl
Of Jelly

NEW YORK (AP)—The universe with all its people and things seems to be a huge bowl of jelly.

Physicists find that protons and neutrons "are spread-out, jelly-like structures," with no apparent cores.

Protons and neutrons are the particles which make up almost all of the mass or weight of atoms—and all things from human beings to rocks and stars are composed of atoms.

NEW FINDINGS

Dr. Richard Wilson of Harvard University described the new findings at sessions Wednesday of the American Physical Society's annual meeting.

He and associates at Harvard "looked" into the invisible, infinitesimal protons and neutrons with a kind of microscope, the powerful Cambridge electron accelerator built jointly by Harvard and the way in which the electrons scattered.

There just seems to be no core or single point of electrical charge in the proton, Dr. Wilson said.

Annual Meeting

The annual meeting and election of officers of the B.C. Indian Arts and Welfare Society will be held at 8 p.m. Tuesday in the music room of the Public Library. Two films will also be shown. Visitors are welcome.

Chief Justice 'Fair'
After Heart Attack

B.C. Chief Justice Sherwood Lett, 60, was in fairly good condition last night in Royal Jubilee Hospital after suffering a heart attack Thursday.

Chief Justice Lett was stricken while attending opening ceremonies at the opening of the provincial legislature.

Non-Saanich Names Useless
To Liquor Store Petitioners

Although people from Victoria and Central Saanich have been signing the petitions for a liquor store in Saanich, their names will have to be stricken from the lists because the petitions are an expression of opinion from Saanich residents.

Mrs. Nora Lindsay, who is heading the get-a-liquor store for Saanich committee, said last night that while support from outside the municipality is appreciated, it will be of no help on the petitions.

The committee is hoping to get thousands of names of Saanich residents on the petitions which will be sent to Attorney-General Robert Bonner.

Senior Citizens

\$65,000
Goal
Of Drive

An energetic campaign to raise \$65,000 toward construction of the Senior Citizens' Recreation Centre in Centennial Square was instigated at a meeting of the senior citizens' recreation campaign fund committee yesterday.

COMMITTEE BOOSTED

Three new members were added to the committee: Adam Bell, president of the Provincial Government Retired Civil Servants' Association; E. F. Fox, president of the Retired Employees' Association of B.C. Hydro, and William Stone, president of the Federal Government Retired Employees' Association.

EQUAL SHARES

The proposed centre is to cost \$200,000, with the campaign committee, the city and the provincial government to share equally in the cost.

Donations are being accepted at the Silver Threads Centre at 643 Broughton or at the Canada Permanent Trust Company.

Fishing

Aid

Pledged

OTTAWA (CP)—A pledge to give the Canadian fishermen the same kind of government help provided for the farmer was made Friday at the close of the first federal-provincial fisheries conference.

A conference report, hastily revised at a final closed-door session that ran an hour longer than expected, also set out a number of principles for a national fisheries development program but did not spell out any proposals in detail.

Although the 1,850-word statement, read by federal Fisheries Minister Robichaud at press conference, reported "a spirit of enthusiasm and co-operation," some provincial spokesmen said they did not think the five-day conference made the progress they had expected.

Premier Joey Smallwood of Newfoundland, however, termed the final policy statement a "Magna Carta for the fishing industry" and a historic milestone in fisheries' progress.

Threatened
Large Firm

TORONTO (UPI)—The Ontario legislature was told Friday that pressure from the Quebec government prevented a large firm from establishing a new industrial complex in Burlington, Ont.

George Kerr, Progressive Conservative member for Burlington, said the pressure was exerted on the company in the form of a threatened boycott of the firm's products in Quebec. He said the company planned to move all its operations, including some in Quebec, to Burlington and had purchased 60 acres of land in the community for this purpose.

"Representatives of the Quebec government indicated that the company's products would be boycotted if the move to Burlington was carried out," Kerr said.

Shumiatcher
Committed
For Trial

SASKATOON (CP)—Two men were committed Friday for trial on a charge of conspiracy to defraud the public to end a lengthy preliminary hearing at which an estimated 2,000,000 words of evidence and argument were transcribed.

Dr. M. C. Shumiatcher, of Regina, and Thomas Fawcett, of Ottawa, will appear before the next session of the Court of Queen's Bench, scheduled to open June 1.

No mention was made by Judge H. J. H. Cumming of Walter Laboff of Saskatoon, third person listed in the charge.

Shumiatcher, a lawyer, and the others were charged after a stock promotion involving seven companies.

Shipyard Strike Threat

\$700,000 in Work Held Up

By DON GAIN

Contracts at Victoria Machinery Depot worth \$750,000 and meaning work for 200 employees are being held up by the threatened shipyard strike, general manager H. E. Hammill said last night.

Contracts involved are a \$200,000 recovery boiler job at Port Alberni, a pipeline fabrication worth \$100,000 for the Greater Vancouver Water District and a \$400,000 refit of the frigate HMCS *Jenquier*.

"Our customer in Port Alberni has asked us to remove about 20 men from the recovery boiler job already in progress," Mr. Hammill said. "They gave as the reason the possibility of a strike."

LOW BIDDER

"We are low bidder on a pipeline job for Vancouver Water District," he said. "The indications are that they are not going to give us the job for the same reason and are holding off placing a \$100,000 order."

"The navy frigate was supposed to come in for refit Monday," he said. "but, owing to the labor situation, the navy has decided to hold it back. We don't know for how long. This would have kept 150 men busy for three or four months."

"We have no way of knowing how many other orders have been affected."

SECOND LOWEST

President Harold Husband said the Greater Vancouver Water District board would meet next Thursday, possibly to decide to give the order to the second lowest bidder.

"We are competing on this job with companies who are not under threat of a strike," he said, "and we could lose the contract to one of them."

"If this goes on very long we will just have to lay men off. It is certainly going to affect the shop through the spring and summer."

'Rich' Boy Imprisoned

CALGARY (CP) — Graeme Webster, 12, a student from Montreal who inherits \$150,000 from his late parents' estate when he becomes 21, was given three years in prison Friday for stealing cars and credit cards and writing bad cheques. He was orphaned in childhood.

U.S. Composer Murdered In Martinique

FORD DE FRANCE, Martinique (UPI) — Police Friday announced the arrest of three sailors in the fatal beating of U.S. composer Marc Blitzstein.

Blitzstein, 38, died in a hospital here Wednesday night. Relatives in New York earlier had reported he was killed in an automobile accident.

GAVE BEATING

Police said two Portuguese and one Martinican sailor, whose names were not released, got in a dispute with the composer Tuesday night and gave him a beating. Details of the fray were sketchy.

Police took the Philadelphia composer to a local hospital,

Bid for \$5,000

City Cash Indicated For Daffodil Festival

A Chamber of Commerce request for the city to underwrite \$5,000 of the cost of a daffodil festival for Victoria was endorsed yesterday by city finance committee.

A delegation headed by Barron Cox, chairman of the Chamber's tourist trade group, said the festival was expected to cost \$15,450 and the estimated deficit was \$1,450.

JUST IN CASE

Mr. Cox stressed the chamber wasn't asking for a donation.

"We just want a guarantee in case things go haywire," he said.

Both he and festival chairman Pat Frumento said they were confident the daffodil festival, scheduled for the week of March 28-April 4, will be successful.

REAL BIG PUSH

"There is no doubt we can put on a good show for the city," said Mr. Frumento. "We have very active members working on all committees and I'm sure we'll come out of the festival all right financially—if we give this a real big push."

Several aldermen expressed doubts over the proposal to hold a province-wide talent show for children. This event alone accounts for a major share of festival costs, an estimated \$6,000 and is budgeted to lose money.

Patrol Boat Crewman Dies

NANAIMO — Gustaf William Reimer, 52, engineer of the Nanaimo Harbor Commission patrol boat, collapsed suddenly at his home at 255 Concorde Road, Thursday afternoon.

The fire department inhalator crew was called but failed to revive him.

Coroner Russ Inkster said Friday that an inquest will be held.

Mr. Reimer was born in Winnipeg and came to Nanaimo in 1951. He had been employed by the harbor commission since it was organized three years ago.

Alberta Stops 21,000 Rats

EDMONTON (UPI) — An estimated 21,000 rats were killed last year as they tried to migrate into Alberta—considered to be the only rat-free province in the country.

Crop protection and pest control supervisor J. B. Garba said Friday the 1963 invasion was the smallest in years but he warned residents to keep up their vigilance. Garba said more than 3,300 farms, elevators and other premises in the Saskatchewan border area were inspected last year by municipal and provincial pest officers.

Higher Classes 'Summit' Topic

University of Victoria's open house, Jan. 31, will feature a conference of The Emerging System of Higher Education in British Columbia at 8 p.m. in the gymnasium at the Gordon Head campus.

The needs and the challenges being faced.

A reception will follow the conference.

The conference is open to the public.

Chancellor J. B. Clearihue will open the conference and Willard E. Ireland will act as chairman. On the panel are Dr. Edward F. Sheffield, director of research, Canadian Universities Foundation, Ottawa; the Rev. Father Aquines, president, University of Notre Dame, Nelson; Dr. John Macdonald, UBC president; Dr. Patrick McTaggart-Cowan, president of Simon Fraser University, and Prof. R. J. Bishop, University of Victoria's English department head.

FIRST SUMMIT

This meeting will be the first "summit" conference on education to be held in B.C.

Professor R. T. D. Wallace said that higher education is the concern of every citizen, and he felt the conference would do a great deal to explain some of

Spectacular Shooting by Simmonds Wins Last Playoff Spot for Chiefs

By JIM TAYLOR

Big Pete Simmonds went on a believe-it-or-not shooting spree last night, and lifted Victoria's Haida Chiefs into the Inter-City Basketball League semifinals with a 98-77 victory over Vancouver McGavins.

Playing his finest game of the season and probably his best ever, Simmonds scored 32 points. Norris Martin was to finish with 30 and Darrell Lorimer with 27, but it was Simmonds' first-half display that had 400 fans gasping.

Islanders Both Lose In Tourney

VANCOUVER (CP)—Greater Vancouver teams bested teams from Victoria, Kelowna and Nanaimo Friday night in the first round of the University of B.C. Thunderettes women's basketball tournament.

The University of Victoria was defeated, 53-36, by Mount Pleasant; Kelowna fell, 60-31; before Richmond and the host Thunderettes defeated Nanaimo, 73-33.

Today, Vancouver Orphans will play Portland to end the first round.

Victoria will meet Kelowna in the consolation quarterfinals while Nanaimo will meet the loser of the Vancouver-Portland game.

Mount Pleasant will play Richmond in another quarterfinal and UBC will play the winner of the Vancouver-Portland game.

Top scorer for Victoria was Sylvia Campbell with 13 points.

In the first quarter, he took now," coach Ken King said. "As long as we keep thinking every minute and working all the time we can take athletics. But that's the only way.

"It's like I've been saying all season: we've got more and better guns than anybody in this league. But to make them work everybody has to work.

And last night, everybody worked.

The three gunners, Martin, Lorimer and Simmonds, accounted for all but nine of Chiefs points, but the victory was also built on another flawless defensive effort by Barry Sadler, and some heads-up play by Bill Wilson and, in the short time he was on the floor, Ed Steele.

SHOT BADLY

Bakers started to press in their checking, and as Chiefs rattled Bakers fired the 11 points to cut the margin to 10. Then the Haidas settled down, got a couple of real breaks on loose balls, and won in the clear.

NO REST

So now they are in the playoffs, but there will be no time to rest. Best-of-five semi-final against Alberni Athletics opens tonight in Alberni, and the second game goes there tomorrow afternoon. Then it's back to Victoria for the third, either Friday or Saturday.

"We've got the momentum

Lorimer and Martin in the first half when Chiefs, following Simmonds' lead, could do absolutely nothing wrong.

If they can maintain that hot shooting against Athletics, it could be quite a semi-final, with a date against North Van Harlems or Vancouver IGA awaiting the winner.

Harlems opened their best-of-

five semi-final last night with a 71-59 victory over the Grocers in Vancouver, led as usual by Billy Joe Price.

It was close until the last four minutes, when Price sank five straight baskets. He finished with 31 points, while Bill Anthony led IGA with 21.

Second game will be played tonight.

Haida Chiefs—Pete Simmonds 32, Bill Wilson 30, John Davis 10, Darrell Lorimer 27, Ed Steele 2, Norris Martin 26, Jim Campbell 10, Bill Gillett, Harry Sudd, Jim Cawdill, Peter Penney 12, Darrell Lorimer 2, Dick Williamson 10, Doug Carter 4, Mike Potokash 20, John Newhouse 2, Detroit Moeller 1, Total 77.

Harlems—Price 31, Bowers 2, Mathew 7, Price 10, King 8, Hough 10, Jones 10, Nott, Hudson 4, Gillett 17, Barnes 10, Total 77.

Grocers—Cawdill 7, Brown 10, Thornton 7, Forsyth, Hik, Jaisway, Lennox 12, Perris 2, Anthony 21, Total 58.

City May Open Negotiations For Curling Club Purchase

By IAN STREET

The possibility that city council will start negotiations for take-over of Victoria Curling Club facilities within two years emerged from yesterday's finance committee meeting.

Club president J. K. Sturrock in a letter to city council requested information on the city's long-range plans for the curling club premises.

The letter added that in view

of the "acknowledged desirability" of the area bounded by Quadra, Pembroke, Blanshard and Caledonia as a potential recreation and convention centre "it would seem logical that all buildings within it should be under city ownership and control."

The information is vital to the curling club, Mr. Sturrock said, so that it can plan for the future and develop a policy to

take care of present and future authorized Mr. Young to meet club spokesmen for further discussions.

Soccer Called

Today's scheduled Pacific Coast Soccer League game between Victoria United and Columbus at Royal Athletic Park has been postponed because of field conditions.

Weather has also forced postponement of all today's scheduled matches in the Lower Island Junior and Juvenile Soccer Association and led to several changes in sites for Sunday's district league matches.

In district play, Price and South now meet Kickers at Beacon Hill Park at 1 p.m., with Gorge and Wests playing on the same pitch at 2:45. A second division match between Navy and Kings was beaten by 20, by Beauchamp South.

Victoria scorers were Marg Maynith 16, Wendy Bentley 16, Ruth Goldsmith and Rita Roodbol, three each. Frances Coalston and Barb Pridham, two each, and Shirley Stevens, one point.

Speaking Briefly

NFL Paid \$28,000,000 In Record TV Contract

Richie television contract in history has been negotiated by the National Football League, which announced yesterday in New York that it had sold its television rights for all regularly scheduled games for two years to the Columbia Broadcasting System for \$28,000,000.

This was almost double the estimated sale price before negotiations began and was more than triple the \$9,300,000 CBS paid for the two-year package deal in 1961. It was more than double the amount paid by the National Broadcasting Company—\$13,044,000—for the right to televise National Collegiate Athletic Association football games for 1961.

In winning NFL rights, the CBS bid against the NBC and the American Broadcasting Company, size of the bids made by the latter two were not disclosed.

The 14 NFL clubs share equally in the receipts, meaning that each will collect \$1,008,000 a year for the next two years. In addition, all clubs will have the right to put their home games on closed circuit television in their own area. This area is blocked out on regular television when the team is at home.

RUSSIA will be aided to send two players to the annual junior invitational tennis tournament held in Vancouver to compete against players from Japan, Mexico, the United States and Canada... quarterback Y. A. Tittle of the New York Giants will retire after the 1964 season... Montreal Alouettes have announced the signing of Canadian fullback Wayne Linton of the University of Wyoming. He had from Kirkland Lake and was Wyoming's leading rusher in 1963... Montreal Canadiens have called up rightwinger Terry Gray from Quebec Aces as a possible emergency replacement for Jim Belliveau, who may not be able to play tonight because of a wrist injury...

CASSIUS CLAY reported in Miami yesterday for a draft pre-induction physical examination. It will reportedly have no effect on his Feb. 25 date with Sonny Liston... Marlene Stewart Street, three-time winner, was eliminated from the Doh-

Western Hockey

No More Pencils No More Laughs

By JIM TAYLOR

Now they've got an automatic scoring machine for tenpins, and this disturbs me.

A machine called Escore has been approved by the American Bowling Congress for use in sanctioned competition. Among other things, it provides a printed scorecard and also flashes the score on a screen; automatically records the ball-by-ball, frame-by-frame progress; indicates strikes, spares, bows and flouts; computes team totals and indicates dur-

ing the progress of the game which team is ahead at the end of each frame and by how many pins.

It can be adjusted to allow for rolling of a provisional ball if necessary or switched to manual operation to correct the score should a bowler roll out of turn, and it even detects off-spot pins that they will not be improperly scored as pins knocked down.

All I can say is, why bother? Bowling is too cluttered with ultra-special equipment now, from plastic bowling balls to tiger-skin shoes. Anyone too lazy to score shouldn't be there in the first place.

WHERE'S THE FUN?

Tack an automatic scorer on your lanes, and what are you supposed to do when you aren't bowling? What's the fun of razzing a scorekeeper when all it does is sit there and flash bulbs at you?

And let's not forget the other aspect of it. Machines involving computers aren't bought with green stamps. The money has to come from somewhere, and it's a good bet bowling prices would have to be raised to meet the tab.

Personally, I'd rather sweat out the math myself.

An all-spares game is an occurrence rare enough so that the American Bowling Congress hands out a crest to the bowler. When the WIBC sends out one for Flora Nobles, they should make it something special.

TOUGH SPLIT
Flora rolled a 180 all-spares game last Monday at Gibson's Bowldrome. To get it, she picked up the 6-7-10 split in the 10th frame.

It was a 4-4 game after seven ends. Then Dagg scored a six-end to break it open, chipping out Ewart's last-rock draw for shot behind cover. Dagg now meets Al Hicks of Burnaby, who beat Bill Jensen of North Shore, 9-5, in the "B" final on Saturday afternoon.

Already qualified for the PCCA final are Jim Marasco of Port Alberni, Don MacRae of Nanaimo, Jake Block of Abbotsford, Tony Folk of White Rock and Vintners.

Dagg Nears Finals

VANCOUVER—Lynn Dagg, pre-playoff favorite, needs only one more win to earn the right to join five other zone champions in the Pacific Coast Curling Association final, at Victoria, Feb. 8 and 9.

Shunted out of the "A" side in the Vancouver knockout playdown by Roy Vintners, Dagg reached the "B" final on Thursday night by scoring a 13-4 win over Earl Ewart of Marpole.

It was a 4-4 game after seven ends. Then Dagg scored a six-end to break it open, chipping out Ewart's last-rock draw for shot behind cover. Dagg now meets Al Hicks of Burnaby, who beat Bill Jensen of North Shore, 9-5, in the "B" final on Saturday afternoon.

Already qualified for the PCCA final are Jim Marasco of Port Alberni, Don MacRae of Nanaimo, Jake Block of Abbotsford, Tony Folk of White Rock and Vintners.

Peralta Wins Shot at Title

NEW YORK (AP)—Bloodied Gregorio Peralta of Argentina clinched a shot at Willie Pastrana's light-heavyweight boxing crown Friday night by chopping his way to a unanimous 10-round decision over California's Wayne Thornton at Madison Square Garden.

The handsome Argentinian bid from the nose from the fifth round on and from a wide cut over his left eye in the eighth round, but seemed to fight harder despite the handicaps.

It was the Buenos Aires' boxer's second straight victory over the Fresno fighter and stretched his unbeaten streak in 47 and his winning min to 27.

**EXHIBITION
HOCKEY**

Dormant Cavaliers of the Victoria Senior Hockey League will play an exhibition game Sunday at 4:30 p.m. at Memorial Arena against Port Alberni Luckies.

Luckies are coached by Bert "Shadow" Yewkiss.

This was the third appearance in one day by these musicians who had already visited Victoria and Oak Bay Senior High schools during the afternoon.

The Singers are a robust group; their performance of Bach's Motet No. 6 was vigorous and they were assisted by the string ensemble which later gave good account of itself in compositions of Gemini and Hindemith.

The Madrigal singers programmed seven items and it was noticeable that three of them were French; something a trifle unusual.

The concert was sponsored by the Women's University Club of Victoria.

OAK BAY BEACH HOTEL
On Saturday evening, Jan. 25, we will serve a special Burns Night dinner at 7:30 p.m. Sunday evening dinner the Ice Breakers Club will hold their annual Burns Night dinner to remember the poet in Victoria, for which the club is making a charge to their guests of \$60. Refreshments will be served.

During the Dinner Hour on both nights we will have an organist and a Kay Polyzona.

Shipyards Unions Ready To Parley

Approaches are being made to resume contract negotiations in the hope of averting a strike at the major B.C. shipyards.

David Chapman, chairman of a committee negotiating on behalf of about 20 unions in a contract dispute with Yarrows and Victoria Machinery Depot in Victoria and Burrard Dry Dock in Vancouver, said last night management is to be informed the unions are willing to negotiate any time management wants.

Mr. Chapman said in Vancouver the approach is to be made through B.C. government chief conciliation officer Reg Clements of Vancouver.

NOTICE MONDAY

He said the unions also plan to issue the three shipyards the legally required 48 hours' strike notice Monday.

This, he said, does not mean the unions will necessarily call a strike after 48 hours. But they legally can call a strike any time within 90 days after the 48 hours.

J. W. Hudson, chairman of the Shipbuilders' Federation of B.C., which bargains for the shipyards, said officials of the federation will meet in Vancouver next week.

Mr. Hudson, who is also executive vice-president of Burrard Dry Dock, indicated management would be favorably disposed toward a move by the unions to resume negotiations.

TO BE SEEN

He said it remains to be seen whether Burrard Dry Dock and Yarrows will close in the face of the strike threat.

"We can't continue working without a labor contract."

In a government-supervised strike vote this week, workers voted overwhelmingly to authorize their union leaders to call a strike if they feel it necessary.

FIRMS ACCEPTED

Previously, unions had rejected a unanimous conciliation board award calling for a three-year contract with wage increases totalling 28 cents an hour and fringe benefits reckoned at another two cents. The companies accepted the award.

More than 2,000 workers are affected.

Chinchilla Show In Sidney

A chinchilla show for pets and live animals is planned by the Vancouver Island Chinchilla Breeders' Association Feb. 1 in Sidney's Semicha Hall.

Entries close at 10 a.m. that day. Judges will be Edward Heidt, a rancher from Everett, Wash.; Bert Owen, Victoria mink rancher, and W. G. Scuby, Victoria furrier.

John Tisdale, M.L.A., has been asked to open the show.

The committee, headed by Jack Lee, expects 200 entries from Vancouver Island, the mainland and Washington.

There will be a banquet in the Travelodge in Sidney at 7:30 p.m.

Seen In Passing

Helen Zozula stocking shelves with frozen food. (Clerk in a grocery store, she lives at 533 Foul Bay with husband William, a carpenter, and student son Dennis, 16. Her hobby is sewing.) . . . Ken Armstrong checking some figures . . . Neville Liffe returning a call . . . William Budd helping a reporter . . . Alan Macfarlane doodling with a pen . . . Florence Ellay picking some heather . . . Dick James talking of days as a fishing guide . . . Frank Martin discussing cement work . . . Lorraine Morris filling out a report . . . Al Harwood just missing an addition to his aquarium.

Cluster lights for tyg cup was exchanged when English serving wench Margo Dachy and Victoria Visitors Bureau commissioner Alan MacLean swapped gifts during Miss Dachy's brief visit to Victoria yesterday. (Ryan Bros.)

Extends Invitation

Wench's Excursion Much Too Brief

By HARVEY SHEPHERD

A wench made a whirlwind trip in and out of Victoria yesterday to invite Victorians to visit England for Shakespeare's 400th anniversary.

In fact, maybe it was a bit too much of a whirlwind.

Dressed in the costume of an Elizabethan serving wench, Miss Margo Dachy, chief wench at the Elizabethan Room of the Gore Hotel in London, visited Victoria yesterday on a British Travel Association tour of Canada.

Miss Dachy had time to rush through press interviews and pay brief visits to the Empress Hotel and the Victoria Visitors Bureau.

Especially English, she thought, was the Empress Hotel. This is the second such trip Miss Dachy has made. She visited Australia last September. While Miss Dachy was in Victoria, she did find time to exchange gifts with Alan MacLean, commissioner of Victoria Visitors Bureau. She got a model of Victoria's famous cluster lights. He got a "tyg cup."

The main feature of the Elizabethan tyg cup is its two handles. And Miss Dachy explained what they're for.

Boy offers girl cup. If she likes boy, she holds one handle.

He takes the other handle. Both drink. If she doesn't like boy, she takes cup by both handles. She drinks.

SCHEDULE INCOMPLETE

But her schedule quickly got fouled up, and appointments at the Victoria City Hall and the Old England Inn went by the boards.

Disappointment was especially acute at the Old England Inn, where acting manager Mrs. Kathleen Owen had called out all the serving staff to meet Miss Dachy.

"We were very annoyed and disappointed that she did not turn up and we shall be writing the British Travel Association to tell them so," said Mrs. Owen.

Presumably less disappointed was Victoria Mayor R. B. Wil-

son, who was sick in bed with the flu.

Miss Dachy and two other serving wenches, yet to arrive from England, will conduct an Elizabethan feast at the Georgia Hotel, Vancouver and New York.

Miss Dachy laughingly observed that the pelting rain was nothing new to her.

And she could assure Victoria that to an Englishwoman — including a chief wench — Victoria looks very familiar — a "home from home."

Boy offers girl cup. If she likes boy, she holds one handle.

He takes the other handle. Both drink. If she doesn't like boy, she takes cup by both handles. She drinks.

Night Sittings Start On Monday

R.C. Legislature will begin night sittings on Monday following an afternoon session in which Opposition Leader Robert Strachan and Liberal Leader Ray Perrault will launch their parties into the throne speech debate.

Scheduled to speak when the night sitting gets under way at 8 p.m. is Attorney-General Robert Bonner.

Premier Bennett will intro-

duce a routine motion Monday establishing sitting hours of 2 p.m. to 6 p.m. and 8 p.m. to adjournment.

Other motions will be intro-

duced by Mr. Strachan and by Gordon Dowling (NDP Burn-

side).

Mr. Strachan will renew his

plan for a House Howard and

Mr. Dowling wants the gov-

ernment to dispense with the

requirement for a flat when a

citizen wants to take court action

against the Crown.

The elders have also under-

taken to raise a fund in honor of Dr. and Mrs. McLean's 25

years of service to the church.

It is hoped the fund will cover

expense of attending the gen-

eral assembly of the Church of

Scotland in addition to the

European trip.

Rev. J. L. W. McLean has

been granted a three-month

leave by elders of St. An-

drew's Church to enable him

to attend the 19th World Con-

gress in Frankfurt in August.

PERSONAL MENTION

On Monday, Jan. 27, the Lieutenant-Governor and Mrs. Pearkes will give a luncheon at Government House for Rt. Rev. J. B. Mutchmor, moderator of the United Church of Canada. That afternoon the Lieutenant-Governor and Mrs. Pearkes will cross to Vancouver where they will attend a reception given by Col. and Mrs. McPhee, trade commissioner for Australia, to celebrate Australia Day.

Nelson Mayor in Town

Mayor and Mrs. E. T. Bodard of Nelson, at present staying at the Redwood Park Motel, were among the many invited guests at the Opening of the Legislature and later the State Ball at Government House.

Also attending both opening and the ball were Mr. and Mrs. G. B. Currie of Toronto. Mr. Currie is general manager of Imperial Bank of Commerce. They stayed at the Empress Hotel while in Victoria.

Home from Mexico City

Miss Dorothy Lane, daughter of Mr. and Mrs. Samuel Lane, arrived home Wednesday evening from Mexico City where she spent the past three weeks vacationing. Miss Lane motored to Mexico just after Christmas, returning to Victoria by air.

Surprise Shower

A surprise shower was held at the Menzie Street home of Mrs. E. Sinclair in honor of the former Marilyn Watt, whose marriage took place last evening to Mr. G. W. Moody. The guest of honor was presented with a yellow chrysanthemum corsage and her mother, Mrs. E. M. Watt, received a white chrysanthemum corsage. A decorated pink and white laundry basket held the many gifts. Among the guests were Mrs. J. Milburn, Mrs. C. Ross, Mrs. M. Perullet, Mrs. I. Schofield, Mrs. R. Lanceley, Mrs. R. Perullet and the Misses Susan Mitchell, Libby Mitchell, Susan Fisher, Janet Lanceley and Kathy Perullet.

Announce Engagement

Mr. and Mrs. Frederick William Ives, 255 Obed Avenue, Victoria, B.C., announce the engagement of their elder daughter, Frances Deanna, to Mr. Harvey Robert Barr, son of Mrs. James Barr of Port Alberni, B.C. The wedding will take place in Victoria, on February 14 at St. Martin-in-the-Fields, with Canon S. J. Wickens officiating. Miss Ives is a 1960 graduate of the Royal Jubilee Hospital School of Nursing, and is now on the staff of the West Coast General Hospital, Alberni.

Return from Hawaii

Mr. and Mrs. Harold Helder of 2270 Estevan Avenue, have returned from their vacation in Hawaii. While in the Hawaiian Islands they stayed at the Royal Grove in Waikiki.

Fashions Feature Of Valentine Tea

CHEMAINUS — Plans for the coming Valentine's Day tea and fashion show were discussed at the regular monthly meeting of the Arbutus Chapter, IODE, held at the home of Mrs. George Robinson.

Mrs. William Latta, regent, was named general convenor for the event, while Mrs. Edward Perry will give the commentary for the showing of sports and casual fashions. Other convenors appointed were Mrs. G. Gustafson, presiding at door; Mrs. Gordon Lister, sweater raffle; Mrs. R. Milligan and Mrs. H. Hickling, table decorations and appointments; Mrs. Richard McBride, kitchen help and servers; Mrs. R. E. Nimmo and Mrs. E. English, home-baking stall. Mrs. Joseph Sandland will donate the door prize.

Mrs. F. R. Sadd, Mrs. Gustafson and Mrs. Nimmo

were appointed to nominate committee for 1964 slate of officers.

Committee reports were heard from Mrs. Sandland, educational secretary; Mrs. Perry, service at home and abroad; Mrs. Robinson, who reported 175 pounds of dust had been collected and sold to schools during the past year.

Mrs. K. V. Lopatecki read an article on What Is The Commonwealth?

Mrs. J. R. McKinnon and committee were in charge of refreshments following the meeting.

The next meeting will be held at the home of Mrs. Latta on Monday, Feb. 10, when annual reports will be given and new officers elected.

Burns Night Guests

His Honor the Lieutenant-Governor and Mrs. G. R. Pearkes are special guests at the Burns Night dinner tonight at Holyrood House.

Other head table guests are Mr. Hugh Ross and Mrs. Ross, Mrs. Turner, Mr. and Mrs. J. Cairns, Rev. T. H. McAllister, Mr. and Mrs. P. George, Mr. and Mrs. A. Bell, Miss Yvonne Stevenson, Prof. K. Gordon, Mr. and Mrs. H. Gaunt, Mr. and Mrs. D. Stewart, Mr. and Mrs. E. J. Scott, Mr. and Mrs. A. Cuthbert, Mr. and Mrs. J. Bridge and Mr. and Mrs. A. Allnutt.

Others attending are Mr. and Mrs. George Gunnis, Mr. and Mrs. J. Anderson, Mrs. M. Adams, Mr. and Mrs. J. R. Baird, Mr. and Mrs. J. Beveridge, Mr. and Mrs. W. Brown, Mr. and Mrs. E. P. Burgess, Mr. and Mrs. D. Burns, Mr. and Mrs. C. Cameron, Mr. and Mrs. R. Carmichael, Mr. and Mrs. C. G. Carnegie, Mrs. E. Collins and Mr. and Mrs. E. Collins.

Miss I. Couper, Mr. and Mrs. G. Dakers, Mr. and Mrs. J. Dirom, Mr. and Mrs. I. Duncan, Mr. and Mrs. B. Dysart, K. Gordon, Mr. and Mrs. T. Hamilton, J. Henderson, Mr. and Mrs. A. Hill, Mrs. J. Hudson, Mr. and Mrs. G. Inglis, Mrs. J. Irwin, Mr. and Mrs. J. Kemp, Mrs. H. Kinloch, and Mrs. J. Marrs, C. Moore, Mr. and Mrs. J. McAulay, Miss E. McGillivray, Mr. and Mrs. D. McIntosh, Miss G. MacKay, Mr. and Mrs. R. McMorrin, Mr. and Mrs. A. McNair, Mr. and Mrs. T. Outeridge, Mr. and Mrs. J. H. Paterson, Mrs. M. Primrose, Mr. and Mrs. J. Robertson and Mr. and Mrs. H. Robertson.

Miss I. Couper, Mr. and Mrs. G. Dakers, Mr. and Mrs. J. Dirom, Mr. and Mrs. I. Duncan, Mr. and Mrs. B. Dysart, K. Gordon, Mr. and Mrs. T. Hamilton, J. Henderson, Mr. and Mrs. A. Hill, Mrs. J. Hudson, Mr. and Mrs. G. Inglis, Mrs. J. Irwin, Mr. and Mrs. J. Kemp, Mrs. H. Kinloch, and Mrs. J. Marrs, C. Moore, Mr. and Mrs. J. McAulay, Miss E. McGillivray, Mr. and Mrs. D. McIntosh, Miss G. MacKay, Mr. and Mrs. R. McMorrin, Mr. and Mrs. A. McNair, Mr. and Mrs. T. Outeridge, Mr. and Mrs. J. H. Paterson, Mrs. M. Primrose, Mr. and Mrs. J. Robertson and Mr. and Mrs. H. Robertson.

Carne Rebekahs Install Officers

Mrs. H. Booth was installed as noble grand of Carne Rebekah Lodge, No. 45, at the installation ceremony conducted by Mrs. M. Johnston, district deputy president.

Other officers installed were Mrs. G. Bone, junior past noble grand; Mrs. E. Burkholder, vice grand; Mrs. M. Forde, recording secretary; Mrs. A. Stevenson, treasurer; Mrs. G. Cook, financial secretary; Miss F. Porter, right supporter to the noble grand, and Mrs. C. Scrimshaw, left supporter; Mrs. J. Sinclair and Mrs. M. L. Young, left and right supporters to vice grand; Mrs. J. Graham, warden; Mrs. W. A. Heller, conductor; Mrs. E. Hall, flag-bearer; Mrs. W. Ritches and Miss R. Wilding, altar supporters; Mrs. S. Foubister, outside guardian, and Mrs. R. Edwards, inside guardian.

Assisting Mrs. Johnston with the ceremony were Mrs. M. Taylor, deputy marshal, and staff: Mrs. E. Murton, deputy warden; Mrs. R. Green, Mrs. M. Hahn, Mrs. J. Wilson, Mrs. J. R. Brandon, Mrs. E. Robertson, Mrs. M. Combe, Mrs. J. Gower, all past district deputy presidents.

Men assisting as escorts were Mr. A. Stevenson, Mr. J. Ireland, Mr. E. Murton, Mr. G. Laubenstein, Mr. J. Gower, Mr. G. Bone.

Mrs. G. Bone received presentations from Mrs. Johnston and Mrs. Booth.

Other officers installed were

Mrs. G. Bone, junior past noble grand; Mrs. E. Burkholder, vice grand; Mrs. M. Forde, recording secretary; Mrs. A. Stevenson, treasurer; Mrs. G. Cook, financial secretary; Miss F. Porter, right supporter to the noble grand, and Mrs. C. Scrimshaw, left supporter; Mrs. J. Sinclair and Mrs. M. L. Young, left and right supporters to vice grand; Mrs. J. Graham, warden; Mrs. W. A. Heller, conductor; Mrs. E. Hall, flag-bearer; Mrs. W. Ritches and Miss R. Wilding, altar supporters; Mrs. S. Foubister, outside guardian, and Mrs. R. Edwards, inside guardian.

Five to 10 Cents

No Decision Yet On Time, Method Of Liquor Boost

The B.C. Liquor Control Board has received notice of liquor price increases from two distillers, but has made no decision on when and how these will be passed on to the consumer.

LCB chairman Col. Donald McGugan said he has been informed of price increases by two Canadian distillers.

He said the provincial cabinet will decide, by order-in-council, what changes will be made in B.C. liquor prices.

FIVE TO 10 CENTS

Joseph E. Seagram and Sons announced in Montreal yesterday that it has informed liquor authorities in all provinces and territories of its intention to in-

crease prices of some of its products from five to 10 cents a 25-ounce bottle.

Charles R. Bronfman, president of the firm, said the increases will be effective Feb. 1. "Seagram has not increased prices since 1956," he said.

MORE REVENUE

In Ontario, liquor prices are scheduled to rise Feb. 1 to meet the province's need for more revenue, government sources said this week.

The increase is expected to be between 50 and 75 cents on a 26-ounce bottle of liquor, with proportionately a smaller increase for wines. It has been estimated this could increase the liquor board's profit \$15,000,000.

University

Governors to Hear Fee Boost Protests

University of Victoria board of governors will meet university students, Feb. 10, to receive a brief protestation by the university's government grant and the amount requested.

Students' Council is seeking 2,000 student names on a petition to support the brief and so far 1,200 signatures have been appended.

The council will conduct a campaign next week in an effort to obtain the other 800 signatures.

Foundation Scholarships

Victoria Rotarians Praised for Aid

Douglas Rotary Club, Victoria, has been designated a "200-per-cent Rotary Foundation Club" because of its contributions of a minimum of \$20 a member, it was announced yesterday by Rotary World Headquarters in Evanston, Illinois.

UNDERSTANDING

"The object of the foundation," explained the announcement bulletin, "is the furthering of understanding and friendly relations among

people of different nations, through the fostering of tangible projects. One of its principle programs is the awarding of fellowships to outstanding college graduates for one year of study and travel in countries other than their own.

1,700 SCHOLARSHIPS

In the past 16 years, the bulletin added, more than 1,700 of these fellowships have been awarded to students from 71 countries for study in 56 countries with grants in excess of \$4,500,000.

Education Students Form Own Society

By JUDITH BAINES

Isolation of University of Victoria education students from general campus activities has resulted in the formation this year of the Education Undergraduates Society.

Composed of all students belonging to the faculty of education, the society recently drew up its constitution and elected an executive.

Larry Conn, president of the EUS, said that its purpose was to "unify education students in order that they make a more effective contribution to the life of the university than has formerly been the case."

VARIETIES ACTIVITIES

Activities of the education student organization this term include sending four representatives to a future teachers' conference Jan. 24 and 25 at the University of British Columbia, and two representatives to a western Canadian Student Teachers Conference in Edmonton Feb. 8, 9 and 10.

Arrangements are being made for a School Trustees Day and a British Columbia Teachers' Federation Day, which will feature speakers and discussion groups.

STUDYING COURSES

A curriculum committee is undertaking a study of the courses offered in B.C. from Grades 8 to 12.

While some students favor separate representation on the university's students' council for the EUS, the EUS executive feels that this would split the students into education and airport, will replace the blue Canada goose design which non-education factions.

Neil Williamson, a member has been in use since 1952.

PTA Seeks More Teachers

Victoria and District Parent-Teacher Council will seek to have the student-teacher ratio reduced.

President Mrs. R. B. Restall says the council will write to MLAs asking for action.

At present the accepted ratio is one teacher to 35 students.

Mrs. Restall pointed out that the minister of education said the ratio would be reduced by one each year until 1965 was reached but last year there was no reduction.

New Stamp Set For Airmail

OTTAWA (CP)—A new seven-cent postage stamp, designed primarily for airmail letters to the United States, will be the first Canadian postal issue of 1964, the post office department announced Thursday. The stamp, showing a modern inter-city jet aircraft taking off from a Canadian airport, will replace the blue Canada goose design which has been in use since 1952.

Parking Lot of Past

Old-style transportation is in majority in few North American towns these days. But in Arthur, Ill., yesterday 100 horses and buggies outnumbered cars as town's Amish colony of 2,550 held weekly produce auction in big barn.—(AP Photofax)

Atoms for Peace

Russia Signs With Canada

OTTAWA (UPI)—Canada and the Soviet Union Friday signed a five-year agreement to co-operate in the "peaceful uses of atomic energy."

Master Back From Grave

YENIPAZAR, Turkey (UPI)—Farmer Mehmet Turkan was found frozen and apparently dead near here and was buried. His dog stayed by the graveside and began barking when he heard his master's voice.

Workers dug up the grave and Turkan, thawed out by the earth's warmth, climbed out. Officials gave him a new birth certificate.

Two Dead In Bongos Argument

ST. PAUL, Minn. (AP)—A 19-year-old youth with a history of mental and police trouble was charged with first-degree murder late Friday in the slaying of two St. Paul teenagers.

Charged was David Oehlein of St. Paul. Police said he admitted responsibility for the slaying.

They also said that an autopsy showed Gary Brindamour, 14, and his 13-year-old sister, Bonnie Lou, were not killed by shotgun blasts as previously believed but were beaten to death Thursday night with a hammer.

Detective-Lieut. George Barkley told reporters Oehlein confessed to killing the pair in an argument over a broken bongo drum.

Corral of Future

Ultra-modern transportation was in majority in Miami while Amish met in Illinois. Aerial photograph shows a part of more than 1,000 trailer homes in Miami area where 2,500 trailer families have gathered from all parts of U.S. and Canada for three-day rally under warm Florida sun.—(AP Photofax.)

LONDON (AP)—British troops went into action early today in two troubled African nations, at the request of Kenyan Prime Minister Kenyatta and Tanganyikan President Nyerere.

The Commonwealth relations office here said Britain was flying in 700 Royal Marine com-

mandos to Kenya after native troops of the Kenya Rifles mutinied briefly at a camp 100 miles north of Nairobi, the capital.

Kenya thus became the fourth country of old British East Africa to become involved in uprisings in less than two weeks.

The Commonwealth office said the Kenya uprising was at Nakuru but was unable to confirm reports that other troops mutinied at Kahawa, five miles outside Nairobi.

There were army mutinies earlier this week in Tanganyika and Uganda and an armed rebellion in Zanzibar a week previously.

★ ★ ★

Reports reaching London said the 3rd Royal Horse Guards had arrived at one of the trouble-stricken camps and secured the armory and other strategic buildings. They were also said to have taken over the officers' mess where British officers of the Kenya Rifles had gathered.

In Tanganyika, Nyerere, Friday night, asked the acting British high commissioner for help in restoring law and order and controlling mutinied troops. The troops were sent into action in Dar es Salaam this morning.

Out of Business

Farm Finance Deplorable Unionist Says

NANAIMO—Potato growers on Vancouver Island doubt their ability to carry on, according to Nanaimo and District Trades and Labor Council chairman Alastair McLeod.

Wednesday night in Parksville he said: "Although there are not enough potatoes grown to supply the local market, farmers are reported folding up."

The economic condition of every section of the agricultural community can only be described as deplorable," he said. "One dairyman I know has lost his farm and all his \$28,000 investment in it."

The council also strongly criticized Highways Minister Gagliardi for the condition of bridge detours on the Trans-Canada Highway. An approach will be made to ensure his department makes the detours "usable" before opening them to traffic.

Also under fire was the ancient Nanaimo River bridge. The council was told by Mr. McLeod that an engineering study had shown it was not adequate to carry increasingly heavy industrial traffic; and that the present abutments were partly responsible for the recent local flooding in the area.

"Riverside residents are taxpayers like the rest of us," he

CAMPBELL RIVER—Local Cancer Society branch is sponsoring a free cancer forum featuring films on cancer as it affects women.

The forum will be held in the Van Isle Theatre at 7:30 p.m., Sunday.

Local doctors will be on hand to answer questions.

NANAIMO—For the 11th year in succession the city will echo to the twang of banjos and the clack of bones as the Lions Club minister show plunges into rehearsals.

Chairmen this year are Len Hennah and Lloyd Bertram, who is also interimor.

The show will be staged at the provincial Lions convention in Victoria in May, and also will be shown to Victoria's Chinatown Lions Club.

Some 80 Lions and their ladies are working on stage and backstage.

NANAIMO—The second of the only two vessels with deck-loading cranes, the Mv *Bessiegen*, is unloading salt at the assembly wharf. Her sister ship, the *Rondegzen*, visited Nanaimo last year.

The *Bessiegen* will load 3,000,000 feet of lumber. Also awaiting to take on the same lumber load is the Mv *Archimedes*, while the Mv *Arthur Stove* is lying in the roads waiting a berth.

Around the Island

said. "They find their houses flooded out almost year after year."

A brief will be forwarded to Mr. Gagliardi on the matter.

DUNCAN—Trans-Canada Highway at Dougan Lake south of here was the scene of an accident yesterday morning when a car driven by Beltrami Barkley of Victoria went out of control on an icy stretch.

Mr. Barkley was released later the same day from the King's Daughters' Hospital after treatment for bruises, cuts and shock.

The car struck a pole and damage was about \$300, said police.

NANAIMO—The alarm system went off at the Bank of Nova Scotia in Nanaimo Friday morning.

RCMP rushed to answer the alarm but all was well.

Telephone linemen were drilling through a wall for installation of a new line when the drill short-circuited the alarm system.

DUNCAN—Local musicians will give their services free at a dance Feb. 21 at the hall of the Cowichan branch, Royal Canadian Legion.

A total of five Duncan orchestras will play continuously and the musicians will donate the proceeds towards the Royal Canadian Legion-sponsored Olympic Youth Training Program.

The Cowichan branch is sponsoring the affair and chairman is Sandy Maynard.

Patrol Boat

Crewman Dies

NANAIMO—Gustaf William Reimer, 32, engineer of the Nanaimo Harbor Commission patrol boat, collapsed suddenly at his home at 825 Corner Road, Thursday afternoon.

The fire department inhalator crew was called but failed to revive him.

Coroner Russ Inkster said Friday that an inquest will be held.

Mr. Reimer was born in Winnipeg and came to Nanaimo in 1951. He had been employed by the harbor commission since it was organized three years ago.

Bond Forfeited After Conviction

NANAIMO—A Nanaimo youth was charged with breaking the terms of his probation on a Nanaimo conviction of September, 1962. He was recently convicted in Qualicum on a charge of impaired driving.

Barry Rafter, who pleaded guilty, was shown leniency by the magistrate who gave him a second chance and again put him on probation, until Sept. 1, 1963.

The recognizance bond of \$250, put up by a bondman for the 1962 offence, was automatically forfeited.

Rafter was prohibited from drinking and driving. "And I mean absolutely, no liquor," Magistrate Beever-Potts warned him.

Rafter was warned not to drive a vehicle as next time it would mean a jail sentence.

Callow said that he had driven a vehicle on Dec. 17 because the owner was impaired.

He was warned not to drive a vehicle as next time it would mean a jail sentence.

Callow's right to obtain a driver's license had been suspended by the superintendent of motor vehicles.

Shipyards
Unions
Ready
To
Parley

Approaches are being made to resume contract negotiations in the hope of averting a strike at the major B.C. shipyards.

David Chapman, chairman of a committee negotiating on behalf of about 20 unions in a contract dispute with Yarrows and Victoria Machinery Depot in Victoria and Burrard Dry Dock in Vancouver, said last night management is to be informed the unions are willing to negotiate any time management wants.

Mr. Chapman said in Vancouver the approach is to be made through B.C. government chief conciliation officer Reg Clements of Vancouver.

NOTICE MONDAY

He said the unions also plan to issue the three shipyards the legally required 48 hours' strike notice Monday.

This, he said, does not mean the unions will necessarily call a strike after 48 hours. But they legally can call a strike any time within 90 days after the 48 hours.

J. W. Hudson, chairman of the Shipbuilders' Federation of B.C., which bargains for the shipyards, said officials of the federation will meet in Vancouver next week.

Mr. Hudson, who is also executive vice-president of Burrard Dry Dock, indicated management would be favorably disposed toward a move by the unions to resume negotiations.

TO SEE

He said it remains to be seen whether Burrard Dry Dock and Yarrows will close in the face of the strike threat.

"We can't continue working without a labor contract."

In a government strike vote this week, workers voted overwhelmingly to authorize their union leaders to call a strike if they feel it necessary.

FIRMS ACCEPTED

Previously, unions had rejected a unanimous conciliation board award calling for a three-year contract with wage increases totaling 28 cents an hour and fringe benefits reckoned at another two cents. The companies accepted the award.

More than 2,000 workers are affected.

Chinchilla Show In Sidney

A chinchilla show for pets and live animals is planned by the Vancouver Island Chinchilla Breeders' Association Feb. 1 in Sidney's Sanseca Hall.

Entries close at 10 a.m. that day. Judges will be Edward Heidt, a rancher from Everett, Wash.; Bert Owen, Victoria mink rancher, and W. G. Sculby, Victoria furrier.

John Tindale, MLA, has been asked to open the show.

The committee, headed by Jack Lee, expects 200 entries from Vancouver Island, the mainland and Washington.

There will be a banquet in the Traveller in Sidney at 7:30 p.m.

Seen In Passing

Helen Zozula stocking shelves with frozen food. (Clerk in a grocery store, she lives at 533 Foul Bay with husband William, a carpenter, and student son Dennis, 16. Her hobby is sewing.) ... Ken Armstrong checking some figures ... Neville Lyle returning a rail ... William Budd helping a reporter ... Alan Macfarlane doodling with a pen ... Florence Biley picking some heather ... Dick James talking of days as a fishing guide ... Frank Martin discussing cement work ... Laurie Belfry filling out a report ... Al Harwood just missing an addition to his aquarium.

Cluster lights for typ cup was exchanged when English serving wench Margo Dachy and Victoria Visitors Bureau commissioner Alan MacLean swapped gifts during Miss Dachy's brief visit to Victoria yesterday. (Ryan Bros.)

Extends Invitation

Wench's Excursion Much Too Brief

By HARVEY SHEPHERD

A wench made a whirlwind trip in and out of Victoria yesterday to invite Victorians to visit England for Shakespeare's 400th anniversary.

In fact, maybe it was a bit too much of a whirlwind.

Dressed in the costume of an Elizabethan serving wench, Miss Margo Dachy, chief wench at the Elizabethan Room of the Gore Hotel in London, visited Victoria yesterday on a British Travelers' Bureau tour of Canada.

Miss Dachy laughingly observed that the pelting rain was nothing new to her.

And she could assure Victoria that to an Englishwoman — including a chief wench — Victoria looks very familiar — a "home from home."

son, who was sick in bed with the flu.

Miss Dachy and two other serving wenches, yet to arrive from England, will conduct an Elizabethan feast at the Georgia Hotel, Victoria, Tuesday.

They will also lead feasts at Toronto, Montreal and New York.

Miss Dachy laughingly observed that the pelting rain was nothing new to her.

And she could assure Victoria that to an Englishwoman — including a chief wench — Victoria looks very familiar — a "home from home."

Especially English, she thought, was the Empress Hotel. This is the second such trip Miss Dachy has made. She visited Australia last September.

While Miss Dachy was in Victoria, she did find time to exchange gifts with Alan MacLean, commissioner of Victoria Visitors' Bureau. She got a model of Victoria's famous cluster lights.

Victorians got a "typ cup."

The main feature of the Elizabethan typ cup is its two handles. Miss Dachy explained what they're for.

Boy offers girl cup. If she likes boy, she holds one handle. He takes the other handle. Both drink. If she doesn't like boy, she takes cup by both handles. She drinks.

Frank Ney pointed out the \$180,000 cost to merchants was less than one percent of the downtown property values.

Dick Morley, Canadian Imperial Bank of Commerce, asked if taxpayers would have an opportunity of paying their share in a lump sum, thus avoiding interest charges.

Mr. Nicholson replied the act under which the special assessment area was created did

not provide for this but he would make inquiries.

Mr. MacDonald said another approach would be made to the minister of highways to see if the department would contribute. He also said the bylaw vote was planned for May 1.

Merv Wilkinson of the Credit Union asked if further developments would reduce costs. He was told it would. If the proposed shopping centre on CPR property went ahead it would reduce costs.

Atoms for Peace

Russia Signs With Canada

OTTAWA (UPI)—Canada and the Soviet Union Friday signed a five-year agreement to co-operate in the "peaceful uses of atomic energy."

Master Back From Grave

YENIPAZAR, Turkey (UPI)—Farmer Mehmet Turkean was found frozen and apparently dead near here and was buried. His dog stayed by the grave and began barking when he heard his master's voice.

Workers dug up the grave and Turkean, thawed out by the earth's warmth, climbed out. Officials gave him a new birth certificate.

Two Dead In Bongos Argument

ST. PAUL, Minn. (AP)—A 19-year-old youth with a history of mental and police trouble was charged with first-degree murder late Friday in the slaying of two St. Paul teenagers.

Charged was David Oehrlin of St. Paul. Police said he admitted responsibility for the slayings.

They also said that an autopsy showed Gary Brindamour, 14, and his 13-year-old sister, Bonnie Lou, were not killed by shotgun blasts as previously believed but were beaten to death Thursday night with a hammer.

Detective-Lieut. George Barkley told reporters Oehrlin confessed to killing the pair in an argument over a broken bongo drum.

Corral of Future

Ultra-modern transportation was in majority in Miami while Amish met in Illinois. Aerial photograph shows part of more than 1,000 trailer homes in Miami area where 2,000 trailer families have gathered from all parts of U.S. and Canada for three-day rally under warm Florida sun. — (AP Photofax.)

J.R.: "It's cheaper. When you take out a different girl every weekend, you have to spend money to impress her. With a steady you can sit at her house a lot and it doesn't cost anything."

★ ★ ★

S.D.: "I guess you might call it love. I think about Debbie an awful lot. When I am with her, I feel great. She's the only girl I have ever felt this way about."

C.E.: "My folks say it isn't decent to take out a different girl every weekend. They won't let me have the car or spending money unless I stick to one."

B.D.: "Let's face it. A guy

has to have a sex life. If a guy goes steady with a girl, it's a lot easier because then everything is settled. You aren't always arguing about it."

Going steady means something quite different to this girl from Canton, Ohio:

"Dear Ann Landers:

"I am 17, a senior in high school. I was never very good in athletics, but my grades are good."

"I've always been shy around girls so when Vera invited me to a turn-about dance (the girls ask the fellows) I was pleased. Vera is a

Second of a Series

Going Steady Is Bad

For several years I've had a running debate with my teenage readers about going steady. I am against it, although I've been told repeatedly I'm out of my mind.

There are some temporary social benefits from going steady, but in my book the disadvantages clearly outweigh the advantages.

I asked a number of Chicago high school boys who are going steady why they prefer the steady arrangement to free-lance dating. Their answers demonstrated going steady meant something quite different to each of them:

mandos to Kenya after native troops of the Kenya Rifles mutinied briefly at a camp 100 miles north of Nairobi, the capital.

Kenya thus became the fourth country of old British East Africa to become involved in uprisings in less than two weeks.

The Commonwealth office said the Kenya uprising was at Nakuru but was unable to confirm reports that other troops mutinied at Kahawa, five miles outside Nairobi.

There were army mutinies earlier this week in Tanganyika and Uganda, and an armed rebellion in Zanzibar a week previously.

Reports reaching London said the 3rd Royal Horse Guards had arrived at one of the trouble-stricken camps and secured the armory and other strategic buildings. They were also said to have taken over the officers' mess where British officers of the Kenya Rifles had gathered.

In Tanganyika, Nyerere, Friday night, asked the acting British high commissioner for help in restoring law and order and controlling mutinied troops. The troops went into action in Dar es Salaam this morning.

PRIESTS HACKED TO DEATH

LEOPOLDVILLE (Reuters-AP)—A weeping Catholic nun, evacuated from the terrorized western Congo province of Kivu, told Friday how three Belgian priests were hacked to death by villagers with machetes.

Alabama

Tornado Kills Eight

HARPERSVILLE, Ala. (UPI)—A freak tornado ripped through a housing development near here without warning last night killing at least eight persons.

Shelby county authorities said at least six persons were injured when the twister, completely unexpected, slammed through the housing development close to this north-central Alabama town.

The dead included four children and four adults.

A weather bureau spokesman in Birmingham said tornado warnings had not been issued and none were expected since the storms did not appear serious.

The state highway patrol said at least two houses were demolished by the tornado which struck near the town at about 8 p.m. in a brief but deadly blow.

The nun, who asked not to be named, left her mission at Kilemba with eight other nuns Thursday and went to the provincial capital of Kinshasa where they were evacuated.

STATE EMERGENCY

Congolese President Joseph Kasavubu earlier this week declared a state of emergency in Kivu province where bands of youths, reported organized by an aide of jailed Antoine Gisanga, attacked government projects, industrial sites and plantations.

United Nations troops, the Congolese national army and private planes moved into the area to evacuate whites and try to control the situation.

The nun said their mission was attacked by Kilemba villagers armed with machetes, spears and firearms.

"Some wore the red helmets that Gisanga forces used to wear in Stanleyville (during the separatist regime of Gisanga)," she said.

"They hacked the priests to death with machetes. After the villagers left, we buried the priests."

The dead included four children and four adults.

B.C. Bank

Ottawa Won't Object

B.C.'s Liberal leader Ray Perrault said yesterday federal Finance Minister Walter Gordon had indicated there would be no objection to a federally-chartered B.C. bank.

Mr. Perrault said he had talked to Mr. Gordon by telephone and the cabinet minister had said he was in favor of encouraging Canadian-owned businesses and a new bank should be no exception.

Mr. Gordon indicated, Mr. Perrault said, there should be no difficulty in obtaining a federal charter, provided the B.C. venture was properly set up and in accordance with federal bank legislation.

Investment Fund In Alberta

EDMONTON (CP)—Premier Manning said Friday legislation will be introduced at the next sitting of the Alberta legislature for a provincial investment fund.

He said the fund would include saving certificates with an interest rate higher than chartered banks and redeemable at any time, and transferable investment certificates which carry a maturing date.

'Disgraceful'

Shack Towns Island 'Blot'

By TERRY HAMMOND
Colonist Legislative Reporter

Two farm leases have created shack towns on Vancouver Island and something should be done about it, Dan Campbell (SC, Comox) told the Legislature yesterday.

He singled out Kelsey Bay, Sayward and Port Hardy as "disgraceful blots on the landscape" where people have to live in shacks.

Mr. Campbell spoke for an hour and 25 minutes in his role as mover of the throne speech and spent most of it eulogizing the government, attacking the opposition and criticizing education authorities.

NO CONTINUING ROLE

But he regretted that the throne speech had not outlined a continuing role for the legislative committee on access.

He had hoped the government would broaden its terms of reference so it could become a sounding board for complaints against resource users.

PROTEST CONDITIONS

If this had been the case, the public could more effectively protest conditions in sub-standard communities.

Mr. Campbell blasted higher education authorities for inconsistency in stating financial requirements and accused UBC President Dr. John Macdonald of distorting some of the facts in his report on the needs of higher education in B.C.

LOW PROPORTION

Dr. Macdonald, he said, had shown the UBC had a low proportion of graduate students in relation to overall enrolment, but had failed to

Indians Back in Action

Dignity Defeats Demon

VANCOUVER (CP)—The Northern Tahitan Indian band has decided that dignity is better than demon rum and moved back to its historic trapping grounds.

Welfare cheques have been

mailed back to the government and the tribe has moved 63 miles from the community of Telegraph Creek, 200 miles north of Prince Rupert, to Kinsman Lake.

Fred Clark, regional super-

visor of Indian agencies, told of the action and added that the Indians could not have made a better move.

He said the Tahitans, members of the semi-nomadic Car-

rier tribe, have always travelled

PRINCE GEORGE (CP)—The eight-room Blackburn Elementary School eight miles east of Prince George was destroyed by fire early Saturday and the damage estimates ran as high as \$200,000.

The cause was not determined.

School authorities began considering how students might be accommodated elsewhere.

North B.C. School Destroyed

The NORAD tracking station at McChord Field in Tacoma tracked the metal-skinned object at 9:03 p.m. to be over North Africa on its eighth trip around the world since the 5:58 a.m. launching.

TV CAMERA

Engineers Richard Slaters of the G. T. Schieldahl Company of Northfield, Minn., manufacturer of the balloon, said a television camera mounted on the second stage Agena showed the balloon popped partly open in about 15 seconds and the wrinkles started to disappear.

Echo II was to join a network of seven other U.S. communications satellites.

The U.S.-Soviet agreement last August called for voice, facsimile pictures and code signals to be bounced off Echo II at the Zeleny observatory near Moscow and the Jodrell Bank observatory in England.

The U.S. has exchanged messages and pictures with other countries, but not Russia, via such active-relay satellites as Relay II, launched Jan. 21 from Cape Kennedy, Fla.

SWITCHBOARD

Active satellites have "switchboard" equipment to pick up ground signals and re-transmit them to earth. Passive satellites such as Echo I and II, reflect radio signals the way mirrors reflect light.

Echo I, a 100-foot balloon launched in 1960, is still in orbit, but a gas leakage has since caused the balloon to wrinkle slightly, causing a loss of reflectivity. Even though Echo I is now misshapen, it is still visible and capable of reflecting some signals.

A first-rate guy who wants to break up with his steady allows her to save face.

Gratitude

It is humiliating for a female to get the axe publicly, a gallant fellow spares the girl embarrassment by making it appear the breakup was her idea.

The boy who does it this way loses nothing, and gains the undying gratitude of the discarded sweetheart.

Terminating a close relationship in a civilised manner is a measure of maturity. Consideration for others (in addition to being a virtue in itself) is a prudent investment for your future peace of mind.

The girl who is unable to enter a room without encountering half a dozen former heartthrobs to whom she is no longer speaking cannot help but regret her rashness. The boy whose farewells have been shoddy earns the reputation of a heel.

When the romance is over, both parties are bound to keep quiet about whatever went on between them. Nothing is so despicable as the blabbermouth who spreads the word that ex-girl friend was a "pushover" or a "hot number."

The girl who circulates damaging reports about her former boy friend does a serious disservice to herself. If she was such a jerk why did she go with him? She advertises her own poor judgment.

The highest tribute is to have it said of you—We used to go together and I've never known a finer person.

We always will be good friends.
